judges in accordance with their areas of special interest and qualifications so that the judging work load will be shared equitably. Except for special cases, judging of each entry shall be done by one judge who is responsible for the entries in that class. It is the responsibility of the judges to disqualify any entry which does not meet any of the rules or requirements of the show. If any entry appears to be exhibited in the wrong class the judges shall disqualify it. No refunds will be issued for disqualified product. The judges shall refrain from discussing disqualified products during the Awards Banquet. Decision of the judges shall be final. After the judging is finished, there should not be a reevaluation made unless to break a tie; and if reevaluation is necessary, a new sample shall be judged.

15. **Records:** The Association shall retain in its files for three years the scoring of the top six products entered in the show.
